ANSWER OF GERMANY
TO AMERICAIN REGARD TO THE LUSITANIA IS EXPECTED IN WASHINGTON
THIS AFTERNOONIT IS PREDICTED THAT GERMANY WILL SEEK BY ASKING IRRELEVANT QUESTIONS TO
EVADE THE DIRECT ISSUE

(Associated Press)

Washington, May 29.—Germany's reply to the United States note, regarding the destruction of the Lusitania, is being awaited here today by administration officials. Ambassador Berard in Berlin is expected to cable it to the state department during the day, after receipt from the German foreign office.

Unofficial advices indicate that Germany will propose to defer definite consideration of American demands pending an investigation as to whether or not the Lusitania was a British auxiliary cruiser, as Germany maintains.

REASONABLE REQUEST

GERMANY ASKS FOR PLAIN IN-
DICATORS OF NEUTRAL
SHIPS IN THE WAR ZONE

(Associated Press)

Washington, May 29.—Urgent warning to American shipping against traversing the naval war zone incautiously, and to have all neutral markings displayed conspicuously as possible, including illumination at night, was communicated to the state department today by the German government through the United States embassy at Berlin.

MRS. ALLEMAND

After a long and painful illness, which she bore most patiently, Mrs. Elvina Allemand, wife of Mr. J. E. Allemand, passed away at her home in this city yesterday afternoon.

Mrs. Allemand was a native of Switzerland. She came to this city with her family about two years ago. She was a refined and estimable lady and in her short residence among us had made many friends who join her bereaved relatives in sorrow at her passing away.

The funeral services were held this afternoon at 4 o'clock from the residence and were conducted by Rev. J. M. Gross. The following were the pallbearers: Messrs. Belcher, Davies, TenEyck, Stokes, J. C. Smith and Dr. Sheppard.

Interment was made in Greenwood cemetery. McIver & MacKay had charge of the arrangements.

CARD FROM
MR. R. C. CAMPSAYS THERE IS NO TRUTH IN THE STATEMENT
THAT HE HAS BEEN GUM SHOEING

(Special to the Star)

Tallahassee, Fla., May 29, 1915.

I judge from the Ocala Banner that some people are saying that I tried to gumshoe my bills through the legislature.

Any person or persons making this statement does so knowing at the time that it is absolutely false on its face. Such a contention has no foundation in fact or theory and is made by the opposition in the hope of deceiving the people as to the real issues involved in the whole controversy, that is, cheap power versus expensive.

You can deceive all of the people some of the time; you can deceive some of the people all the time, but you cannot deceive all the people all the time.

Justice and right will prevail in the end.

R. C. Camp.

CARD FROM MR. CAMP

The Star prints with great pleasure a statement from Mr. Camp, who vigorously denies he has been gumshoeing. Perhaps not. Gumshoeing, like most other things, depends on the point of view. In this country it is not considered proper for a man to eat his grandmother, but in Tierra del Fuego it is both proper and common.

ITALIANS ADVANCE

FEW IMPORTANT ITEMS TODAY
FROM THE WARRING
FRONTS

(Associated Press)

London, May 29.—The Italian armies are drawing near to Trent and Trieste in Austria, the principal cities in the territory over which Italy entered the European war. Little news of the campaign penetrates the censorship, but Geneva dispatches say the Italians are still advancing on Trieste.

Anti-Italian disorders are reported and the municipal authorities are said to have fled.

The Austro-German advance in Galicia is still being prosecuted with success, except for the Russian victory on the San river at Sieniawa. Vienna reports indicate a measured design to isolate Permisl. If proceedings are unchecked, that fortress soon may be surrounded.

SUBS STRUCK ANOTHER SHIP
Liverpool, May 29.—The British steamship Ethiope has been torpedoed and sunk by the German submarine U-24. She was bound from Hull to Liverpool. The Ethiope's crew took to the small boats.

A Star reporter took a ride Friday in the oldest auto in Ocala. It was the little Oldsmobile brought here by Mr. E. C. Smith. It is now the property of Mr. W. H. Clark, and he is getting mighty good work out of it.

"For Men Only" is the name given one of the show windows in the dry goods establishment of Mr. B. Goldman. He says that it is worth any man's time and attention and should be seen by every man or boy over eighteen years old in the county.

STOCKHOLDERS OF THE CITY

Mayor Robertson and other prominent citizens Monday took around a petition to the legislature against the Camp amendments. They secured over 300 signatures, all of voters, and most of them taxpayers. All but four of the business houses in town were represented on the petition, and one of these probably would have been if the proprietors had been in town.

Every citizen of Ocala is a stockholder in the city electric plant.

MEXICAN AFFAIRS
CONTINUE MIXEDPRESIDENT WILSON SHOWS
SIGNS OF BEING AT THE
END OF HIS PATIENCE

(Associated Press)

Washington, May 29.—Attention is again focused on Mexico today, as the result of President Wilson's announced determination to warn the military leaders that conditions must improve. Officials conversant with the president's forthcoming note said no recognition with a Mexican faction is contemplated. The possibility of intervention is heard again as a result of the new turn in affairs.

CONSIDERING A CALL

Rev. Bunyan Stephens, of the Ocala Baptist church, has received a unanimous call from the Quitman, Ga., Baptist church. Mr. Stephens has the call under consideration and will answer the Quitman church by June 5th.

In the years that they have been here, Mr. Stephens and his family have greatly endeared themselves to the people of the city, as well as to the church, and all would be very sorry to lose them.

Superintendent Brand of the Atlantic Coast Line was in town in his private car today. Mr. Brand says his road is ready to build a new freight depot as soon as the city council decides where it shall be located.

TOWERS SAYS
A TORPEDOKNOCKED THE HOLE IN THE AMERICAN
STEAMSHIP NEBRASKANREPORT OF NAVAL ATTACHE AT LONDON INDICATES THAT
THE OCCURRENCE WAS NOT ACCIDENTAL

(Associated Press)

Washington, D. C., May 29.—Evidence gathered by Lieut. John H. Towers, naval attaché of the American embassy at London, and forwarded to the state department today by Ambassador Page, indicates that the American steamship Nebraska was torpedoed. Lieutenant Towers made a technical examination of the Nebraska on her arrival at Liverpool after she was damaged. Statements of Captain Greene and members of the crew were also taken. The chief engineer said he saw a submarine just before the ship was hit. On the evening the vessel was damaged the American flag which was flown by the vessel from the time she left Liverpool was hauled down because the sun had set. The words, "Nebraska, New York," were painted on each side of the ship in letters six feet high.

Lieut. Towers' report said full details were being sent by mail to Washington, but the above summary was made public this afternoon.

SCORPION HAD A
NARROW ESCAPEClose Call for American Guardboat at
Constantinople

(Associated Press)

Washington, May 29.—The American station ship Scorpion at Constantinople narrowly escaped damage May 24th by a submarine. Ambassador Morgenthau reported to the state department today. Turkish officials request the ship shift her anchorage on account of possible danger to her from shore batteries.

Some well-known men about town are developing a strong appetite for cold water. Thus doth providence temper the wind to the shorn lamb. Hard times are here and the Davis bill coming.

BEST THING FOR
A BILIOUS ATTACK

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man," writes H. C. Bailey, editor Carolina News, Chapin, S. C. LAME BACK

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.—Advertisement.

STEAMER LINES TO
SOUTH AMERICASUPPORTED BY GOVERNMENTS
OF BOTH COUNTRIES ARE
NOW PROPOSED

(Associated Press)

Washington, May 29.—Plans for steamship lines between the United States and South America were presented today to the Pan-American financial conference here. A permanent committee of representatives of the United States and South American countries was recommended. It was proposed that a company for the purpose be organized with stock open to public subscription, and the subscribed stock to be taken over by the nations signing the agreement.

PICNIC AT PEDRO

The picnic given by the canning club girls and the corn club boys was a great success. Miss Harris of Tallahassee, Mrs. Moorhead and Mrs. Gary of Ocala, were present; also Prof. Connor and two canning club girls, Mr. and Mrs. Weihe of Bellevue, besides those of surrounding neighborhood too numerous to mention.

The forenoon was spent in making jelly and sealing cans by the club girls, Miss Harris and Mrs. Moorhead. Miss Harris made a very interesting talk on home economics, after which all gathered at the picnic grounds, where a bountiful dinner was served, with ice cream afterwards.

Several very interesting talks were made in the afternoon on the necessity of education for girls in demonstration work by Prof. Connor, Mr. Weihe, Mrs. Moorhead, Mrs. Gary and Miss Harris, after which the canning club girls sang their club song and then Miss Harris visited two of the girls' tomato plots.

Every one seemed to enjoy the day and all departed at a late hour in the afternoon, all expressing the wish that the club girls and boys would give another picnic soon.

The picnic ground was very carefully selected by the club girls and boys right east of Mr. Walter Nichols' farm, having a view of the whole settlement.

HOW MRS. HARROD GOT RID
OF HER STOMACH TROUBLE

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.—Adv.
